April 28, 2016 at 3:13 pm Posted by AbdelKawy AbdelHady... 28, 2021 4€" Albedo RPG ... Alex 3 A collection of open source games including Mike Row Scope. I got this copy from a friend who, like me, is a fan of open source games, he loved this game and wanted a copy. He never used her. I gave him a free copy. It's not an open source game, but I'm not sure why it's not freely available. He seems very pleasant, a little cruel and maybe a little difficult. It doesn't look like other open source games I've played, but it's very close. I'm not sure what I want to share.
