The below is just an extract from the above ... so basically, At what distance should I ever, ever, not only shoot with my drone,, but be able to take good photographs.. Your three questions about drones are answered in this video. *Disclaimer* - some of these videos will show you what kind of camera I use... but will not review the program itself. My favorite camera is usually the one i have on me and it works well. My favorite lens is the one i use and it works well. The best zone controller is the one i use, it's efficient. The best mount is the one i use, it's light and more solid. The best action camera is the one i use, it works well for me and my needs. The best drone for me is the one i use. The best lens for me is the one i use. These are my preferences, they may not work for you. If there is something that you want me to explain or review i am happy to do so at a reasonable compensation. If I'm not interested in your product or service I can identify myself as such so that you can focus on your product/service. More about DJI Goggles and products from DJI can be found to!
