“As a person who lives in the world of Square-Enix, I found a game that I can really sink my teeth into. The graphics are very nice, the plot is filled with atmosphere, and the story is quite enjoyable.” “A strong plot, a fun game design. The game was also very nice.” - U.S.gamer “There are four factions in the world. From top to bottom, they can be summarized as: ‘Omnomniac’, ‘Sepulcher’, ‘Diadem’ and ‘Brecher’. We choose this path, and we must take revenge on the world.” - Chinesegamer.net “The characters and scenery are cool, and I like the game play.” - Swegamer A fantasy RPG game with a strong atmosphere set in the Lands Between. Based on a free online world whose doors first opened in 2003, the Elden Ring has grown steadily over the years and has attracted a broad audience of fantasy RPG players. ■ The Story of a Fantasy RPG That is Long in the Making The years since the release of the previous title of Rise, Tarnished have passed, and a new period of time has begun. In addition to three characters, players will see the story of a series of scenes that only Tarnished and the AI bot can tell. ■ Battle System While swinging your sword, manage your knight, shield, and other actions with your mouse. Additionally, you can switch between three control modes: ● Sword control (Attack, movement) ● Shield control (Heavy-duty damage) ● Flying Beast control (Weaken, buff) By controlling the strength of these actions, you can enjoy rhythm-based battles. Furthermore, you can pass to the next battle at any time during the attack sequence. ■ Play Style Let us describe how to play "Rise, Tarnished." 1. The battle system It is possible to battle with AI bots (melee) or with human players (ranged), but the focus is the battle with human players. 2. The control style The battle sequence is rhythm based, so you can do everything in rhythm. It is possible to press the button in rhythm. Additionally, by changing the control style, you can play the rhythm of the sword. (And here is a tip about the control: when you are not in control of the button, in the usual control style is the weapon held as if you are throwing. It is possible to throw while holding a button. If your control is unusual, the controls might be troublesome.) 3. The movement style It is possible to select any options in this sequence. Here are the things you can do: ● Run—Press the space bar or any direction when you are on the ground. ● Jump—Press the space bar while airborne. ● Autostart—This enables you to select any option when you are on the ground, including the parry action and swift attacks. Autostart can be changed at any time during battle. ● Parry—Press the space bar or direction when a player attacks. This allows you to enjoy a bigger variety of movements. 4. The strategy The way you build your team is very important. You need to know how to avoid a repeat battle, and you should choose the best equipment for the opponent. Since there are
