NBA 2K13 Language Change for DCUO or for AIK?Q: Why does "le test" work to check for seeding? Is there any reason I can't test for seeding by running the le command? A: Command le was introduced for testing purpose. It gets the latest timestamp from the protocol. This timestamp is used to ensure that the machine is not old. You can even set a configuration file to set the timestamps. The existing cases for testing include: A lock out case when you require the machine to use a certain IP address or control port for a period of time. Computers that are going to be allocated to a particular user and used by him exclusively. In the case of firewalling, it is good to know if an unexpected or malicious user is accessing the system in a moment. For more details you can see the docuemntation. EDIT: Like @DrHObvious pointed out, in newer versions le will show the timestamp that was provided in the configuration file. The current versions are Le 10.6 The debate over free speech on American college campuses is about as old as the First Amendment itself. Freedom of speech has been greatly 0cc13bf012
