---

The NWC File Exporter Redistributable allows project teams using Navisworks software to create full project models for modeling and analysis. NWC allows users to export a project file from Navisworks to create a model set for export. NWC also exports Navisworks project simulation and analysis data after working on the computer. NWC creates NWC compatible NWC files. NWC exports NWC files in an NWC compatible format. NWC can import NWC files that contain NWC file imports. NWC exports EED files, which contain EED communication information imported by Navisworks from a project file.
